Play in the thirteenth annual court tennis championship tournament was continued to-day at the New York Three matches were down for decision the first bringing Austen Potter, jr., of

An excellent entry has been received for the open games of Company D of the Eighth Regiment, which will be held at the Eighth Regiment armory, in East Ninety-fourth street, to-night. The special feature of the games is a five-mile pursuit race between Goerke and Cameron. It is expected that this contest will decide the armory floor championship. Some of the odd features of the games are a tent-erecting contest, a broad sword contest and an annipionship. San are a term are so the games are a term are so the games are a term ontest, a broad sword contest and an ontest, a broad sword contest and an ontest.

## SHAW A FAILURE WHEN HE TRIES TO WHIP OUT A HORSE

(Special to The Evening World.)

WASHINGTON, April 5.—Since he rode Petel Paul on March 30 Shaw has thiden in eleven races and has failed to win a mount. He has had bad mounts, it is true, and the writer does not say that any of the horses on which Shaw was beaten could have won with any other boy in the saidle, but the fact remains that Ehaw is not to the whip and this is certainly a mistake for Shaw. Shaw never was and never will be a whip rider, and by carrying a whip he spoils his work. This article is written in all kindness and is merely intended to point out to the boy that he ought to revert to his old still and throw away the whip Shaw, no doubt, after his recent suspension has conceived the impression that if he carries a whip and uses, it when he thinks that his mount is beaten he will impress the stewards he is doing listed.

Hefore his suspension Shaw was a superb hand and heel rider. He has a superb hand and heel rider. He had had held rider had held rider had held rider. He had had held rider had held rider had held rider had held rider had held rider. He had had held rider had held

ble to come out at any time, winter or summer. It is hastened and provoked by exposure to cold, damp, air, sudden cooling of the body when over-eated, a bad spell of indigestion, or anything that is calculated to further derange and depress the system; but these are only exciting and not the real cause of Rheumatism. It is in the blood, and when this vital fluid becomes overcharged with the acid impurities and is running riot in the veins, an attack is sure to come, whether in summer time or the cold, bleak days of winter. You are a slave to pain as long as the blood is tainted with acid. Liniments and plasters are

helpful and useful, but it takes something more than rubbing and blistering to drive away this demon of pain. S. S. S. goes to the seat of the trouble, enters the circulation, neutralizes and filters out of the blood the acid poisons. It enriches and strengthens the weak, diseased blood; the general health improves under its tonic effect, and when

rich, pure blood begins to circulate through the stiff joints and sore, tender muscles, pains and aches vanish, and the longed-for relief comes to the nervous, pain-tortured sufferers. S. S. S. contains no minerals, but is guaranteed purely vegetable. No charge for medical advice: Our book on Rheumatism. telling of the different forms, is mailed free.
